

Summer Reading

Hello incoming 3rd graders!

This summer you will be required to read at least one chapter book. I am allowing you to choose what book you would like to read! I want you to pick a book that you believe would interest you the most. Please make sure the book is school appropriate and is at the 3rd grade level. As you read this book, you will have to create a short summary for each chapter. This will be due by the first day of school. This will be counted as a project grade so please take your time and do a good job! You may either write it, or type it! Let your mind travel in a book you enjoy. Have a great summer, and see you next year! 😊

Sincerely,

Ms. Finizio

3RD grade homeroom teacher
